

# DURA-TEX

## Acrylic Texture Finish

### PRODUCT DESCRIPTION

*TWI Next Level BRAND* DURA-TEX is an interior, decorative, single product, two-coat system, designed to create a high-build level 5 basecoat when applied over a level 4 gypsum board finish. *TWI Next Level BRAND* DURA-TEX was formulated to achieve high-profile textures such as orange peel, knock-down, splatter, and other hand-applied textures. *TWI Next Level BRAND* DURA-TEX is a non-aggregated, mildew resistant texture finish that is ideal for high abuse and high traffic areas and can be easily applied using airless and conventional texture spray equipment over gypsum wallboard and concrete surfaces.

*TWI Next Level BRAND* DURA-TEX is ideal for single family, multi-family, hotels, resorts, military, health care, schools, restaurants, and other high traffic or commercial construction.
