

PRIME-TEX

Surfacer/Texture

PRODUCT DESCRIPTION

TWI Next Level BRAND PRIME-TEX is an interior, single product, two-coat system, designed to create a high-build or level 5 finish, when applied over a level 4 gypsum board finish. *TWI Next Level BRAND* PRIME-TEX was formulated to achieve a variety of decorative textures such as orange peel, knock-down, splatter, and other hand-applied textures. *TWI Next Level BRAND* PRIME-TEX is a non-aggregated, drywall surfacer/texture product that can be easily applied using airless and conventional texture spray equipment over gypsum wallboard and concrete surfaces.

TWI Next Level BRAND PRIME-TEX is ideal for single family, multi-family, hotels, resorts, military, health care, schools, restaurants, and other high traffic or commercial construction.
